Safe Harbour Statement

This communication, except for the historical data, may contain forward-looking statements, including words, phrases, numbers that set forth targets and projections for future results, the expected achievement and effect of our sustainability strategy and initiatives, and the amounts and timing of their expected impact based on management's current plans and assumptions.

Forward-looking statements generally can be identified by words such as “believes,” “expects,” “estimates,” “intends,” “plans,” “strives,” “may,” “could,” “projects,” “should,” “will,” “continue,” “targets,” “goals” and other similar expressions, and are based on the Company's views and assumptions as of the date they were made. The Company does not, nor does any other person, assume responsibility for the accuracy and completeness of those statements.

The Company cautions investors that any such forward-looking statements are not guarantees of future performance and that actual events or results may differ materially from those statements because of factors that affect international businesses and global economic conditions, as well as matters specific to the Company and the markets it serves.

The Company based on any of the above factors, is free to modify, amend, alter or take necessary corrective changes in such manner that the forward-looking statements contained herein may alter, and the Company undertakes no obligation to update these statements whether as a result of new information, future events or otherwise, except as required by law or by the rules and regulations.
